RE: Allegheny Wood Products, Inc.; Allegheny Wood Products International, Inc.;
Allegheny Wood Timber Products, LLC

Dear Chris,

The purpose of this letter of intent (this “Letter of Intent”) is to summarize the terms that will serve as the basis for the negotiation and preparation of a definitive asset purchase agreement (the “Agreement”) with regard to the acquisition by Charles City Timber and Mat, Inc. (or its designee) (“Purchaser”) of all or substantially all of the assets, real estate and business operations of Allegheny Wood Products, Inc. (“AWP”), Allegheny Wood Products International, Inc. (“AWPI”), and Allegheny Wood Timber Products, LLC (“AWTP” and together with AWP and AWPI, “Seller”) (excluding the Excluded Assets (as defined below)).

The Agreement and all ancillary documents and instruments necessary for the transactions contemplated by this Letter of Intent (including, for the avoidance of doubt, the purchase by Purchaser of those Purchased Facilities (as defined below) which are wholly owned, directly or indirectly, by John W. Crites, II (collectively, the “HQ Property”), the sale of which shall occur outside of receivership) are collectively referred to as the “Transaction Documents.” This Letter of Intent is intended to serve as an outline of certain material provisions to be included in the Transaction Documents and does not address all matters upon which agreement must be reached in order for the Transaction Documents to be in form and substance satisfactory to the parties and for the transactions contemplated by this Letter of Intent to be consummated. Unless and until the Agreement is executed and delivered, there shall be no legal and binding obligation or commitment of any party to any other party, except as expressly stated in Section 9 of this Letter of Intent. The principal terms and conditions of the proposed acquisition are set forth below.

1. Assets. Purchaser shall acquire all or substantially all of the assets of Seller used in or held for use in connection with Seller’s business operations at the Purchased Facilities (as defined below) (other than the Excluded Assets, the “Acquired Assets”), including without limitation stumpage (as listed on Schedule A and as may otherwise be mutually agreed to by the parties in the definitive Transaction Documents, in each case, subject to Section 2), work in progress and inventory (subject to Section 2), equipment, fixed assets, real estate (including all land, buildings, improvements and related rights appurtenant to the real estate), leaseholds, improvements, prepaid expenses, work in progress (subject to Section 2), vendor contracts, customer contracts, all timber contracts listed on Schedule A hereto (and as may otherwise be

mutually agreed to by the parties in the definitive Transaction Documents), customer and vendor information, sales leads, files and records, intellectual property, trade or assumed names, telephone numbers, websites, permits, licenses, any restrictive covenants in favor of Seller contained in any other agreements to which Seller is a party or Seller or any of the Acquired Assets is otherwise bound (including any agreements or provisions thereof governing confidentiality, non-competition, non-interference and/or non-solicitation), goodwill and all other assets of any kind or nature whatsoever necessary to operate each Seller facility described on Schedule A hereto (each such facility, a “Purchased Facility” and collectively, the “Purchased Facilities”), but excluding the following (the “Excluded Assets”): (i) accounts receivable, (ii) cash and investments, (iii) the assets, real estate and business operations of AWP’s sawmills located in Norton, West Virginia and Smoot, West Virginia which have been sold pursuant to an Asset Purchase Agreement between Seller and AHF, LLC, and (iv) the assets listed on Schedule B hereto. The Acquired Assets shall be conveyed free and clear of any and all claims, liens and encumbrances. Purchaser shall not acquire any liabilities, indebtedness or obligations of Seller other than solely the obligation to provide services under contracts expressly assumed by Purchaser under the Agreement for post-closing periods (including such open “stumpage” or “timber agreements” in effect at closing and approved by Purchaser in its diligence process). Except as provided in the prior sentence, Purchaser will not assume any other liabilities of Seller of any nature, whether known or unknown, absolute or contingent (including without limitation all accounts payable, accrued liabilities, payroll, employee-related and retirement plan liabilities, accrued vacation and PTO, and tax obligations). The Acquired Assets are being sold and purchased on an as-is where-is basis with no warranties or guaranties as to condition, except for such express representations and warranties with respect to the Acquired Assets made in the Agreement when, as and if executed and delivered by the parties thereto.

2. Purchase Price. Subject to adjustment as set forth below, the purchase price (the “Purchase Price”) shall be \$43,000,000,¹ assuming stumpage, raw logs, finished lumber, work in progress and other inventory mutually agreed to by the parties in the definitive Agreement (collectively, the “Inventory”) in an aggregate amount equal to \$5,000,000 (the “Target Inventory Amount”). The parties shall conduct a physical inventory of the Inventory in advance of the closing of the contemplated transaction, which shall be conducted jointly by representatives of both parties, and the Purchase Price shall be adjusted at closing dollar-for-dollar based on the amount that the aggregate value of the Inventory (determined on a cost basis, except for the stumpage included in Inventory which shall be valued based on the amounts set forth on Schedule A, subject to any adjustments thereto at closing of the contemplated transaction in accordance with the Agreement) exceeds or is less than the Target Inventory Amount. The Purchase Price, less the aggregate holdback amount described in Section 3(c) below, shall be paid in cash at closing.

3. Structure of the Transaction.

a. Promptly after the full execution of this Letter of Intent, Seller shall provide to Purchaser, its affiliates and its and their respective financing sources and any of the foregoing person’s agents, attorneys, consultants, accountants, owners, directors, managers, members and employees (collectively “Representatives”) complete access to Seller’s facilities, assets and books

¹ The Purchase Price is inclusive of the purchase price with respect to the HQ Property, which will be acquired by Purchaser outside of receivership.

and records. In particular, Purchaser will be permitted to conduct third party engineering and building condition studies on the real estate as well as Phase I and, as necessary, Phase II environmental studies of the real estate.

b. The parties shall negotiate in good faith to arrive at a mutually acceptable Agreement for approval, execution and delivery as soon as reasonably possible after the full execution of this Letter of Intent. Transaction Documents will be drafted by Purchaser's counsel and contain terms consistent with the terms of this LOI as well as customary covenants, representations and warranties, closing conditions, and other customary terms, including those conditions customary for the sale and purchase of assets of this type, as well as customary terms regarding the sale and purchase of assets in the context of a receivership action. In addition, in connection with the contemplated transaction, Purchaser (or one of its affiliates) may obtain a customary representations and warranties insurance policy, in which case the parties shall split the costs and expenses thereof 50/50. The parties shall discuss additional specific holdbacks/escrow amounts, if any, as part of Purchaser's due diligence process.

c. At closing, a portion of the Purchase Price shall be held back by the Purchaser or deposited with a mutually agreeable escrow agent in order to secure customary post-closing obligations under the Agreement, all in accordance with customary terms and procedures.

d. Purchaser's obligation to conclude the transaction will be subject to the satisfaction of customary conditions. These conditions will include, among others, (i) the absence of any material adverse change in the Acquired Assets, (ii) Purchaser's satisfactory completion of due diligence, including with respect to the real estate and obtaining title commitments and lien searches satisfactory to Purchaser, and (iii) Purchaser shall have or receive at closing all necessary franchises, licenses, permits and contracts necessary to own and operate the Purchased Facilities as they were owned and operated prior to Seller's termination of operations.

e. To the extent Purchaser requires, Seller and Purchaser shall agree to a mutually agreed upon Transition Services Agreement in connection with commencing operations again at the Purchased Facilities consistent with past practice.

f. Purchaser intends to operate each Purchased Facility immediately after closing and employ a sufficient number of employees as Purchaser determines may be necessary to operate the Purchased Facilities. Purchaser intends to pursue available economic and tax incentives from the State of West Virginia and applicable localities.

4. Closing. The parties will use commercially reasonable efforts to close the transactions contemplated in this Letter of Intent as soon as possible and in accordance with the terms and conditions set forth in the Agreement (when, as and if executed and delivered by the parties thereto). Without limitation to the generality of the foregoing, for the avoidance of doubt, Purchaser shall not be obligated to close unless and until a court order approving the sale and the other transactions contemplated by, and as set forth in, the Agreement has become final and non-appealable. This Letter of Intent will expire on the earlier of (a) July 1, 2024 and (b) the date the parties hereto enter into the Agreement. Only Sections 5, 7, 8, 9 and 10 and this sentence of Section 4 will survive expiration of this Letter of Intent in accordance with their respective terms.

5. Use of Information. Until the closing, that certain Non-Disclosure Agreement dated September, 2023, as amended December 7, 2023 (the “NDA”) entered into by Seller and Purchaser will govern the disclosure of any confidential information of the parties that is disclosed in connection with this Letter of Intent. In the event this LOI is terminated or the closing does not occur, the NDA will remain in effect for the period of time specified therein.

6. Breakup Fee. Purchaser shall be entitled to a breakup fee in an aggregate amount equal to \$750,000 in the event Seller enters into a definitive agreement to sell the Acquired Assets to a third party (*i.e.*, any person other than Purchaser or any of its affiliates) after the execution of this Letter Intent but prior to the date the Agreement is executed and delivered by the parties thereto (such period, the “LOI Period”). In the event Seller enters into a definitive agreement to sell all or substantially all of the Acquired Assets with respect to any single Purchased Facility to any such third party after the execution of this Letter of Intent and otherwise during the LOI Period, then the breakup fee with respect to each Purchased Facility so sold to a third party shall be \$100,000 per Purchased Facility. The parties hereto hereby acknowledge and agree that the Agreement shall include, among other things, similar terms and conditions as set forth in this Section 6 applying *mutatis mutandis* with respect to the period covered thereby; provided that, for the avoidance of doubt, unless and until the Agreement is entered into, this Letter of Intent shall represent the complete and legally binding agreement between the parties hereto regarding the breakup fee contemplated by this Section 6.

7. Expenses. Each party shall, subject to Section 6, bear its own costs and expenses in conducting its due diligence review, negotiating the Transaction Documents and otherwise for the transactions contemplated by this Letter of Intent, including without limitation, all broker and finder fees and legal fees, which fees, costs and expenses shall be borne by the party incurring the same. Each party agrees to pay the fees of any finder, broker, banker or intermediary hired by it and to indemnify and hold the other party harmless from any claim by a finder, broker, banker or intermediary hired or claiming to have been hired by it.

8. Non-Binding Nature. This Letter of Intent, when executed by all parties hereto, shall form the basis upon which the parties shall continue discussions to negotiate, execute and deliver the Transaction Documents and otherwise to consummate the transactions contemplated by this Letter of Intent; provided, however, except for the Binding Provisions (defined below), (i) this Letter of Intent shall not create a binding obligation or commitment on any party and (ii) no party shall have any liability to the other with respect to this Letter of Intent until the Agreement, if one is successfully negotiated, is executed and delivered by and between the parties and approved by the United State District Court for the Northern District of West Virginia pursuant to a final, non-appealable order. If the Agreement is not executed and delivered for any reason, no party shall have any liability based upon, arising from, or relating to this Letter of Intent (except with respect to the Binding Provisions). It is understood that the final and binding agreement regarding all matters set forth shall occur when the Transaction Documents have been executed and delivered by the parties hereto.

9. Binding Provisions. Notwithstanding the non-binding nature of this Letter of Intent, upon the full execution and delivery of this Letter of Intent, this Section 9 and Sections 5, 6, 7, 8 and 10 (the “Binding Provisions”) of this Letter of Intent shall be legally binding upon Purchaser and Seller.

10. Miscellaneous. This Letter of Intent may be executed in counterparts and shall be governed by the laws of the State of West Virginia. Copies of original signatures sent by facsimile transmission or by PDF format via email shall bind as evidence of such acceptance and agreement. This Letter of Intent supersedes all prior letters of intent, correspondence and other agreements and arrangements between Seller and Purchaser regarding the transactions contemplated by this Letter of Intent, including without limitation that certain offer letter dated March 25, 2024 by Keyser Log and Timber, Inc. (an affiliate of Purchaser) regarding the proposed sublease of the Moorefield log yard and the purchase of the related assets; provided, however, the NDA shall survive according to its terms and not be superseded by this Letter of Intent. This Letter of Intent shall not be amended or modified without the written consent of all of the parties hereto. Except as specifically set forth or referred to herein, nothing herein is intended or shall be construed to confer upon any person or entity, other than the parties and their successors or assigns, any rights or remedies under or by reason of this Letter of Intent.

[Signature page follows]

If the foregoing meets with your approval, please sign this letter, and return an original to me, whereupon this shall constitute the Letter of Intent between the parties in accordance with the terms and provisions set forth above. If this Letter of Intent is not returned to us in fully executed form by 10:00 A.M. on April 24, 2024, we shall understand that the proposals contained are not acceptable and such proposals shall be deemed to have been automatically withdrawn by us as of such date.

Very truly yours,
